

CHAITANYA MEHETRE

Software Engineer | Full Stack Developer

Email: chaitanyamehetre0301@gmail.com | Mobile: +91 8999283512 | [LinkedIn](#) | [GitHub](#) | India

PROFESSIONAL SUMMARY

Full Stack Developer skilled in designing, developing, and deploying scalable web applications using JavaScript, React.js, Node.js, Express.js, and MongoDB. Experienced in building responsive user interfaces, developing RESTful APIs, implementing JWT-based authentication, and managing database-driven applications. Strong foundation in Data Structures & Algorithms, Object-Oriented Programming, DBMS, and software development principles. Proficient in writing clean, maintainable code, debugging complex issues, and collaborating in Agile development environments to deliver efficient software solutions.

WORK EXPERIENCE

OneAim IT Solution - UI/UX Design Intern

Jun 2025 – July 2026

Delhi, India

- Designed responsive UI layouts and interactive prototypes using Figma for 10+ web application screens.
- Collaborated with frontend developers to convert UI designs into responsive React.js components.
- Created reusable design components and improved consistency across application interfaces.
- Optimized user flows, layouts, and navigation based on stakeholder feedback.
- Worked with development teams to ensure design feasibility and high-quality implementation.

Prodigy InfoTech - Frontend Development Intern

Jan 2024 – Feb 2024

Remote, India

- Developed responsive frontend components using JavaScript, React.js, HTML5, and CSS3.
- Built reusable UI components following modern frontend development practices.
- Used Git and GitHub for version control and collaborative development.
- Debugged frontend issues and improved application functionality.

SKILLS

- Languages:** JavaScript (ES6+), Java, C++, C, Python
- Frontend:** React.js, Next.js, HTML5, CSS3, Tailwind CSS, Redux Toolkit
- Backend:** Node.js, Express.js, REST APIs, JWT Authentication
- Databases:** MongoDB, PostgreSQL (basic), SQL
- Mobile:** React Native, Expo (learning)
- Tools & Cloud:** Git, GitHub, Postman, Vercel, Render, Cloudinary, Docker (basic), AWS (basic)
- Computer Science Fundamentals:** Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks
- Core Skills:** Problem Solving, Analytical Thinking, Team Collaboration, Communication, Debugging, Clean Coding, Adaptability, Quick Learning, Ownership & Accountability

PROJECTS

FirstCart — Full-Stack E-Commerce Platform | React.js, Node.js, Express.js, MongoDB, Redux Toolkit

GitHub: github.com/Chaitanya-963/FirstCart

- Developed a full-stack e-commerce platform with secure JWT-based authentication and role-based authorization.
- Built and integrated 6+ RESTful APIs for user authentication, product management, shopping cart, and order management.
- Implemented complete CRUD functionality for product and inventory management.
- Implemented Cloudinary and Multer for secure image upload and storage.
- Managed application state using Redux Toolkit and developed reusable React components.
- Documented APIs using Postman

Expense Tracker — Full-Stack Finance App | React.js, Node.js, Express.js, MongoDB

GitHub: github.com/Chaitanya-963/Expense-Tracker

- Built a secure expense management application with JWT-based authentication and persistent data storage.
- Designed REST APIs supporting create, update, delete, and retrieval of expense records.
- Built responsive React interfaces for efficient expense management.
- Tested API endpoints using Postman and debugged application issues during development.

EDUCATION

Bachelor of Engineering – (Computer Science)

Mar 2021 – Jun 2025

Marathwada Mitra Mandal Institute of Technology, Pune

CERTIFICATIONS & UPSKILLING

- Core Java
- C/C++ Programming
- HTML, CSS & JavaScript
- Web Design & Development
- Mobile Development Cohort (ChaiCode) – Ongoing
- Generative AI with JavaScript (ChaiCode) – Ongoing

ACHIEVEMENTS

- Built and deployed multiple full-stack web applications using modern technologies.
- Solved 200+ coding problems on platforms like LeetCode and HackerRank.
- Completed hands-on projects using the MERN stack and RESTful APIs.
- Consistently delivered project milestones within deadlines.
- Participated in coding contests and technical workshops to enhance critical thinking skills.
- Gained practical experience with Git, GitHub, and Agile development practices.
